Heuristic Decision Making | Annual Review of Psychology

Introduction. Individual decision-making about consumption has been the subject of many theories and approaches. In this paper, we are interested to propose some steps to include consumer decision making and behaviour in formal models, trying to do this in a more realistic way than the neoclassical theory.

Consumer decision rules for agent-based models

Making queries¶. Once you’ve created your data models, Django automatically gives you a database-abstraction API that lets you create, retrieve, update and delete objects. This document explains how to use this API. Refer to the data model reference for full details of all the various model lookup options.. Throughout this guide (and in the reference), we’ll refer to the following models ...
