Why a Scientific Format? The scientific format may seem confusing for the beginning science writer due to its rigid structure which is so different from writing in the humanities. One reason for using this format is that it is a means of efficiently communicating scientific findings to the broad community of scientists in a uniform manner.

ACE-HF stands for Animated Communications Effectiveness for HF Radio Propagation, a coverage display technique originally developed for U.S. Navy submarine communications. The ACE method shows a sequential series of coverage maps. When the maps are animated, a movie is shown. ACE-HF's advantage is that the effects of the day's passage may be easily understood.

### **How do we make an HF station work more effectively? - HF Radio**

In the context of relational databases, a foreign key is a field (or collection of fields) in one table that uniquely identifies a row of another table or the same table. In simpler words, the foreign key is defined in a second table, but it refers to the primary key or a unique key in the first table. For example, a table called Employees has a primary key called employee\_id.
