Depends on the textbook. Most of the math text books give you every other answer in the back of the book. You only get the final answer though, no explanation. It's usually good enough, because university profs and college instructors usually only assign the questions with answers in the book (gives you feedback to see if you're doing it right).

The Geometry 3.0 works a little differently than the 2.0. The academic content is the same as always and includes over 100 hours of multimedia instruction! However, each course is now delivered online as a 12-month subscription (per student). This obviously means no more discs (and, importantly, no more need for expensive disc replacements).
