Asking and Answering Questions. Being able to ask and answer students' questions is an important part of teaching and learning. Asking questions helps you motivate students' curiosity about the topic and at the same time helps you assess their understanding of the material.

### **Asking and Answering Questions | Teaching at UNL | Nebraska**

Answering a question with a question was the norm. At times I've answered questions with biblically accurate, logically sound, epistemologically watertight answers, only to see questioners shrug their shoulders. My answers, it seemed, only further confirmed their opinion that Christians are simpletons.

### **Answering Questions With Questions**

The second definition is not an option. Thus, the answer that addresses the manner would be the better answer. I would argue that both actually address the manner - but regardless, #2 is more correct because it is more direct and conventional in answering the question.

And he has taught you the habit of answering questions in a grand and bold style, which becomes those who know, and is the style in which he himself answers all comers; and any Hellene who likes may ask him anything. MENO: There will be no difficulty, Socrates, in answering your question.

### **Answering - definition of answering by The Free Dictionary**

Not answering. When asked a question, a common social custom is that you should answer, yet in reality you are seldom obliged to answer. So the simplest approach to dodging the question is just to refuse to answer. Silence. Perhaps the easiest way to avoid the question is to be quiet and just look back at the questioner, or maybe elsewhere.

### **Dodging the Question - Changing minds**
