In a June 2010 decision, *City of Ontario v. Quon*, the Supreme Court unanimously upheld the search of a police officer's personal messages on a government-owned pager, saying it did not violate his constitutional rights. The Supreme Court held that the warrantless search was not an unreasonable violation of the officer's 4th Amendment rights because it was motivated by legitimate work-related ...

In computer security, a hacker is someone who focuses on security mechanisms of computer and network systems. While including those who endeavor to strengthen such mechanisms, it is more often used by the mass media and popular culture to refer to those who seek access despite these security measures. That is, the media portrays the 'hacker' as a villain.

The proper way is to get yourself a shredder that also handles cds - look online for cd shredders. This is the right option if you end up doing this routinely.. I don't do this very often - For small scale destruction I favour a pair of tin snips - they have enough force to cut through a cd, yet are blunt enough to cause small cracks along the sheer line.
