Introduction to Physical Anthropology - Arnie Schoenberg

Find out what you'll learn. At Colorado State, there are two primary methods to explore your passions: majors and concentrations. A major is the degree you will earn at graduation, while a concentration focuses on a specific field of study related to a major.

Majors and concentrations | Admissions | Colorado State ...

Regions of the world. In each of these cultural regions are countries, people of various racial and ethnic groups, and their cultural values. Their arts include dances from aboriginals or first people (the original people who inhabited the land since millennia ago) who migrated to these regions because of war, famine, economic hardship, or other reasons.

Social studies is the study of people in relation to each other and to their world. It is an issues-focused and inquiry-based interdisciplinary subject that draws upon history, geography, ecology, economics, law, philosophy, political science and other social science disciplines.

Program of Study - LearnAlberta.ca

A race is a grouping of humans based on shared physical or social qualities into categories generally viewed as distinct by society. First used to refer to speakers of a common language and then to denote national affiliations, by the 17th century the term race began to refer to physical (phenotypical) traits. Modern scholarship regards race as a social construct, an identity which is assigned ...

Race (human categorization) - Wikipedia

From their very first day in school, students should be actively engaged in learning to view the world scientifically. That means encouraging them to ask questions about nature and to seek answers, collect things, count and measure things, make qualitative observations, organize collections and observations, discuss findings, etc. Getting into the spirit of science and liking science are what ...

Chapter 1 ~ Benchmarks Online ~ Project 2061 ~ AAAS

A "general statement" "intended to develop a unified conceptual scheme for theory and research in the social sciences" was published by nine USA social scientists in 1951. Theory was to be based on a "theory of action" in which "the point of reference of all terms is the action of an individual actor or collective of actors".
