Answer Key – Computer Animation. 1. The first step in computer animation is for the animator to create a simplified representation of a character's anatomy, analogous to a skeleton. Enter key points in your image in a 2×n matrix, where the x-coordinate of a point is in the top row, and the y-coordinate of the point is in the bottom row.

Set Key mode is an animation mode in 3ds Max that allows you to try out different poses on a character or hierarchy, and then use those poses to create keys on selected tracks. It differs from Auto Key mode, where every transform and each change to an object's animatable parameters will result in animation. In Set Key mode, you have to take an action (clicking the Set Keys button) in order ...
