Director's Note: The science and research done on the true impacts of animal agriculture is always growing. The statistics used in the film were based on the best information we had available while producing the film.

COWSPIRACY: The Sustainability Secret

Agriculture accounts for 92% of the freshwater footprint of humanity; almost one third relates to animal products. In a recent global study, Mekonnen and Hoekstra (2012) show that animal products have a large water footprint (WF) relative to crop products. We use the outcomes of that study to show general trends in the WFs of poultry, pork and beef.
