Purgatory (Latin: purgatorium, via Anglo-Norman and Old French) is, according to the belief of some Christians, an intermediate state after physical death for expiatory purification. There is disagreement among Christians whether such a state exists. Some forms of Western Christianity, particularly within Protestantism deny its existence. Other strands of Western Christianity see purgatory as ...

The slide rule, or slipstick, is a mechanical analog computer. The slide rule is used mainly for multiplication and division, and also for "scientific" functions such as roots, logarithms and trigonometry, but usually not for addition or subtraction.. There are many different styles of slide rules. They are usually linear or circular. They have a standardised set of markings (called scales).
