Best answer: Yes, tariffs are going to be lifted on steel and aluminium, because it looked like the new NAFTA (CUSMA) deal wouldn't be ratified until they were. As for the war of 1812, it was the British who beat the Americans. There was no such country as Canada then, but the British victory over the USA was a stepping stone in making Canada a Country.

Open Excel and go to the data tab - from text - select the file - import - delimited - next - comma - next - (settings) - finish.. This will import your CSV file into Excel and will delimit it appropriately. Note if your CSV file uses something other than commas as separators, just choose that during the option selection phase.

**How to control CSV import into Excel 2010 - Super User**

I want to open 2 excel files in separate windows to view them side by side... but each time I try, it opens them in the same window. is there a way around this?
