Why a Scientific Format? The scientific format may seem confusing for the beginning science writer due to its rigid structure which is so different from writing in the humanities. One reason for using this format is that it is a means of efficiently communicating scientific findings to the broad community of scientists in a uniform manner.

Released 2015 3-8 ELA and Mathematics State Test Questions

When you hear a sound, your brain first automatically determines whether it comes from a human voice or from some other source. Next, if the source is a human voice, your brain decides whether the sound is a syllable or not, and lastly, whether it is a real word or a pseudo-word (a group of sounds that has no meaning).
