In the previous part of Lesson 5, the formation of a standing wave patterns in an open-end instrument was discussed.The mathematics of the harmonic frequencies associated with such

standing wave patterns were developed. This part of Lesson 5 will use similar principles to develop the standing wave patterns and associated mathematics for closed-end air column.

Closed-End Air Columns

This list of eponymous laws provides links to articles on laws, principles, adages, and other succinct observations or predictions named after a person. In some cases the person named has coined the law – such as Parkinson's law. In others, the work or publications of the individual have led to the law being so named – as is the case with Moore's law.
