When our daughters were young, we tried a number of different math programs, without success. One approach was overly simplified. Another lacked review; when early concepts showed up on a test, one daughter had no recall of ever having learned them. We switched to a third curriculum, but it was so ...

This section of HomeschoolMath.net aims to help you choose a math curriculum for homeschooling. We have a large number of reviews of all popular homeschool math curricula on the market today — but we can still use more, so please write a review yourself as well! But first, we list articles on curriculum issues and a few miscellaneous curriculum resources.

### **Homeschool math curriculum guide: reviews, how to choose ...**

Saxon Grammar and Writing (SGW) uses the same educational methodology that has popularized the Saxon math books. Courses for grades four through eight are designed so that students can do much of their work independently. Saxon Grammar and Writing 3, a new course for third graders published by Hake Publishing, is also available but is reviewed separately.
