PURPOSE Nocturnal leg cramps are a specific kind of cramps affecting almost one-half of patients aged 60 years and older. They reduce patients' quality of sleep and have a negative impact on their quality of life. The aim of this study was to evaluate the association between nocturnal leg cramps and the consumption of alcoholic beverages in patients aged 60 years and older attending general ...

Association Between Alcohol Consumption and Nocturnal Leg ...

An autoimmune disease is a condition arising from an abnormal immune response to a normal body part. There are at least 80 types of autoimmune diseases. Nearly any body part can be involved. Common symptoms include low grade fever and feeling tired. Often symptoms come and go.

Autoimmune disease - Wikipedia

Stalking is generally defined as an intentional pattern of repeated intrusive and intimidating behaviors toward a specific person that causes the target to feel harassed, threatened, and fearful, or that a reasonable person would regard as being so. Motivations for stalking include a delusional belief in romantic destiny, a desire to reclaim a prior relationship, a sadistic urge to torment the ...

Sliding scale: We offer a sliding scale on the tuition for most of our classes. A sliding scale enables us to offer the classes to those who are unable to afford the full cost of the class. If you are able to pay the high end of the sliding scale please do, so that we can continue to offer a discount to those who truly need to pay at the lower end of the scale.
