Kevin Mayes Comment left 27th June 2011 20:08:31 Very circumspect of Mr Tribe to postulate that the bacteria was not genetically engineered as a "bioweapon". Of course, even if it was, it does no credit to anyone (at present) to rave on about it publicly as it allows "mainstream" to then dismiss those concerned with the issue as "conspiracy theory nutters".

### **How Genetic Engineering May Have Created E. coli**

Heredity is the passing on of traits from parents to their offspring, either through asexual reproduction or sexual reproduction, the offspring cells or organisms acquire the genetic information of their parents. Through heredity, variations between individuals can accumulate and cause species to evolve by natural selection. The study of heredity in biology is genetics

### **Heredity - Wikipedia**

Creationists often argue that evolutionary processes cannot create new information, or that evolution has no practical benefits. This article disproves those claims by describing the explosive growth and widespread applications of genetic algorithms, a computing technique based on principles of biological evolution.
