Free Award-winning Content. We create and provide high-quality, accessible, educational content in the science, technology, engineering and mathematics (STEM) disciplines at the introductory undergraduate level.

### **Visionlearning | Your insight into science**

Why a Scientific Format? The scientific format may seem confusing for the beginning science writer due to its rigid structure which is so different from writing in the humanities. One reason for using this format is that it is a means of efficiently communicating scientific findings to the broad community of scientists in a uniform manner.

Basically, two things can happen here: One you might want to say something loudly [I refrain from using that word].. Second, you put extra effort and fix all the formulas.. So, to avoid all this hassle we have written this in-depth article covering most of the reasons for excel formulas not working.

### **10 Reasons for Excel Formulas not Working [and How to Fix ...**

A few weeks ago I wrote a post on note-taking skills. One common experience many people have, and that several people mentioned in response to that post, is that when they take good notes they remember things well enough that they rarely end up having to look at their notes again. In fact, it seems that writing
