What follows are the exact initial guidelines on training progression that I give to clients. They are an abbreviated version of the guidelines in The Muscle and Strength Training Pyramid book that I co-authored with Eric Helms and Andrea Valdez.. They are exceptionally logical and structured, the antithesis to the approach of just hitting the gym, smashing some weights and hoping for progress.

An analysis of the history of technology shows that technological change is exponential, contrary to the common-sense intuitive linear view. So we won't experience 100 years of progress in the 21st century -- it will be more like 20,000 years of progress (at today's rate). The returns, such as chip speed and cost-effectiveness, also increase exponentially.
