The microscopic signs of acute inflammation are mostly but not entirely absent — they do crop up a bit, now and then. For instance if there is any actual tearing of the tendon or any frank structural damage, then you'll see some of the typical signs of inflammation around the site of the tear, as with any other injury.7 But that's torn tendon, a different critter.

An empty Bloom filter is a bit array of m bits, all set to 0. There must also be k different hash functions defined, each of which maps or hashes some set element to one of the m array positions, generating a uniform random distribution. Typically, k is a constant, much smaller than m, which is proportional to the number of elements to be added; the precise choice of k and the constant of ...
