+1 for A Collection key (or index position for that matter) is only good for reading, not writing.Brushing off some very rusty VBA for a project and this was key (ha!) - replacing the entire item with a new object did the trick. In my case, this meant a new array filled with values from the existing array + changes.

Project Overview. Project Implemented: 6/1/18 Under the PRD project, ISO New England completed the full integration of demand-response resources (DRRs) into the region's wholesale electricity markets, allowing Market participants and demand designated entities (DDEs) with demand response assets to participate in the energy and reserve markets similar to the way generators do.
